

Thank you for praying!

1. Marvin loving his profession

3. Dotty Jean's job was sterilizing instruments for 3 dentists

- ⇒ **CHALLENGES:** 2 dentists had to stay home due to a family crisis
- ⇒ Two of the Mazatlán team leaders could not participate due to severe illness
- ⇒ Dotty Jean had an acute Achilles injury requiring an orthopedic boot
- ⇒ One of the 3 dental units was unusable

HOWEVER PRAYERS WERE ABUNDANTLY ANSWERED!

- ⇒ The church was thrilled to have **60 people/families** wanting to follow Jesus and/or be discipled. People from the church are prepared to do this.
- ⇒ Customs went smoothly for the many supplies brought into Mexico

A short story

One of the translators (Ana) was freed from her grief and able to serve all week, after losing her husband to COVID, just 2 months prior. She prayed with many people to receive Christ as they were awaiting services. (They had heard the gospel before getting care, but many had not made a decision yet.) She also noticed a woman wearing only one shoe. The shoe had broken (probably flip-flops). Ana privately slipped her shoes off and put them on the needy woman. As far as we know, Ana went home barefooted. As she served, her joy of life began to return. Ana was able to resume her love of painting. She painted a colorful picture for us. It was her first since her husband died!

Thank you so much for being on our prayer team. We really needed you. Feel free to ask us more.
